

Complete List of Stories A-Z

by Patrick F. McManus

Here is the complete list of all 511 stories in the 17 volumes of Patrick F. McManus’s collected stories.

It’s a good starting place when you’re looking for a story. If the story is pretty self contained like “Rancid Crabtree and the Demon Bat” or “The Two-Wheeled ATV” you’ll find it right away.

But more often than not a given story will actually contain other stories as well. For example, the story “The Bush Pilots” also contains the story about the deep-sea divers.

For more in-depth searches, consult the book *Where’s the One About the Bobcat?*
